

Utah County Employee of the Month, April 2013
Mike Anderson - Corrections Specialist II
Sheriff's Office

I would like to nominate Deputy Mike Anderson for the Utah County Employee of the Month for April, 2013.

Deputy Anderson has been the Deputy in Charge for Sgt. Stacy Steele for the past several months, and has kept the crew running without a hitch while Sgt. Steele has been gone. He is also a very valuable asset to the Gang Liaison team of which he has been a member for several years.

Deputy Anderson has demonstrated his proactive approach to making the Gang Team and the Corrections Bureau better by originally developing a list of known and documented gang members who have been booked into Utah County Jail. He also has been instrumental in getting that list updated and improved so that it is now a useful tool for the Gang Team. He thought of and then figured out how to list every inmate's tattoos as part of this list. He also thought of listing the short background of how each inmate was originally documented as a gang member.

These tools, along with the original list provide an invaluable resource for the Deputies on the Gang Team, and the crews they work on. His innovative and proactive thinking has led to the Gang Team being more heavily relied on by other deputies for gang related information that they find during routine searches and shakedowns.

It is for these and many other reasons that I nominate Deputy Mike Anderson for Employee of the Month.

Nominated by Enoch Irvine
